

MyVauxhall App

Vauxhall Connect

BEFORE YOU START

In order to activate a Vauxhall Connect service you will require:

1. A vehicle that is equipped with Vauxhall Connect
2. A MyVauxhall Account – you can create one quickly either via the MyVauxhall App, the MyVauxhall website, or the Connect Store

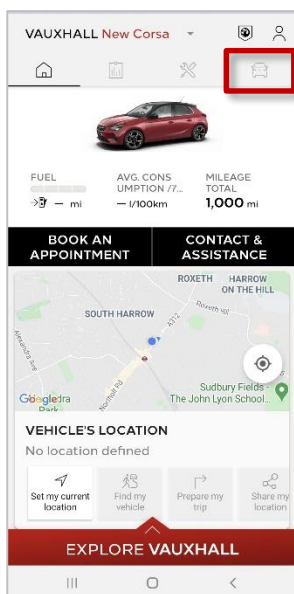

SUBSCRIBING TO A VAUXHALL CONNECT SERVICE

This guide will show you how to quickly subscribe to a service via the MyVauxhall app. Once you have subscribed to the service, some of the services will require activation, you will need access to the vehicle and a good network connection to complete activation.

Login to the MyVauxhall App using your MyVauxhall username and password. Follow the below steps, to complete the subscription process.

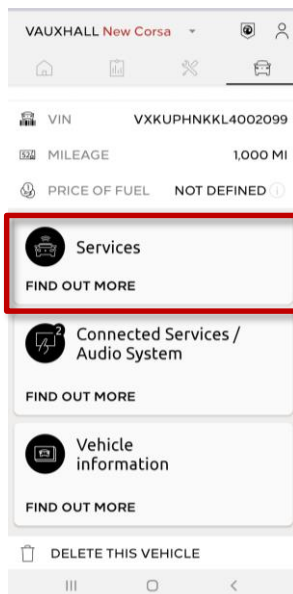

Step 1

Tap on the vehicle icon.

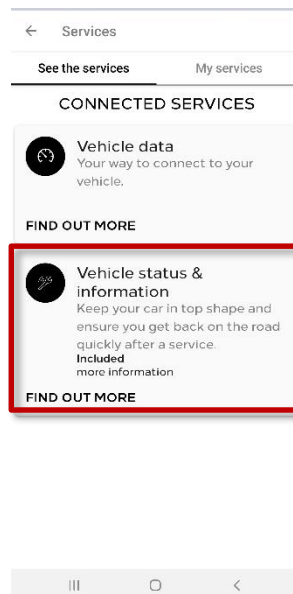

Step 2

Tap on the SERVICES tab.

Step 3

Tap on the service you wish to activate.

Step 4

This will take you to the Vauxhall Connect store. Tap ORDER to proceed.

Please turn to Page 2 to continue.

SERVICE SUBSCRIPTION CONTINUED

Please note:

At this point some services will require you to enter a telephone number to activate.

Also, the Road Safety Alerts service will require payment at this point.

Step 5

If your service requires a telephone number to activate please enter it here.

Step 6

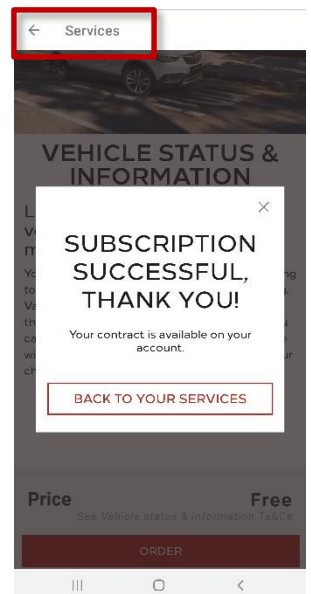

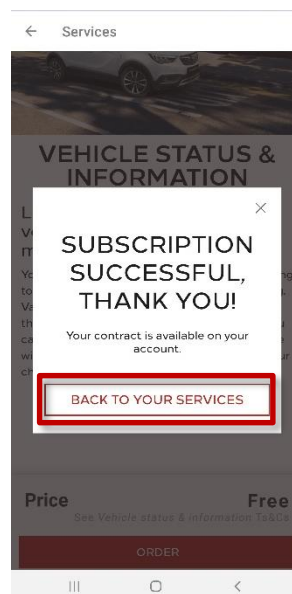

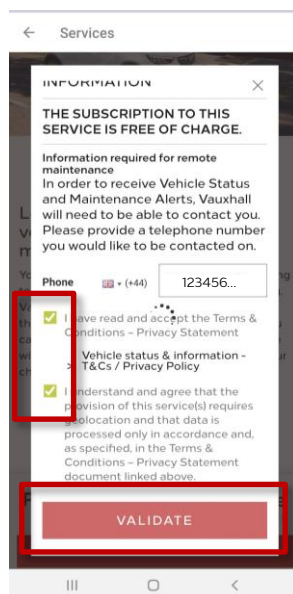

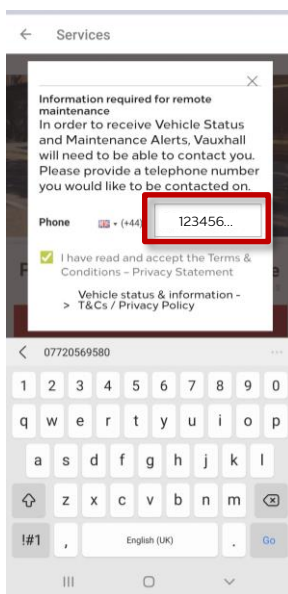

Once you have read the terms & conditions of the service you are activating and are happy to do so, tick the boxes and click the VALIDATE button.

Step 7

Once the subscription is complete tap the BACK TO YOUR SERVICES button, to return to the main App

Step 8

You can also tap the Services button at anytime to return to the App.

Once you have subscribed to all the service you require – you can proceed to complete the activation steps required for each service.

Please refer to the specific activation guides for further information on how to activate each service.
